

EasyFix PLUS Vacuum Splints

Germa EasyFix PLUS line of splints:

The EasyFix PLUS is built on the original high quality, long-life model. Easy Fix PLUS Vacuum splints are intended and designed to deliver premium stabilisation to injured patients during transport. They are suited for fixation of patients with hand, wrist, arm, leg, shoulder and/or hip injuries. The splint moulds around the individual fracture giving an absolute optimal and very comfortable support to the patient.
