

## SPED Extrication equipment

For Ferno UK we are making the SPED Extrication equipment.

SPINAL PROTECTION EXTRICATION DEVICE.. Designed and developed by FERNO (UK) Limited in conjunction with Dr Harjinder Chaggar. For over 40 years the KED set the standard in suspected vehicle spinal and neck injury accidents, from this original concept we have created the SPED an amazing leap forward in MOTORSPORT extrication safety.

Please contact Ferno UK for further information.
