

**AB GERMA®**

**DENTACOMFORT  
VACUUM PILLOW**

# PRODUCT SHEET

The DentaComfort pillow has been developed together with the input from practising dentist to get the best possible product when it comes to shape, firmness and function. The DentaComfort pillow is used by dentists for the positioning of patients in the dental chair. It helps patients relax and makes the dentists job easier as the patient can be secured in a specific position with great comfort for the neck and head. The DentaComfort pillow can also give support for the dentist arms during procedures.
